## Summary

I'm a full-stack developer, specializing in front-end development. I have experience working with creative agencies and startups, developing a keen eye for user experience and design. I'm looking for new opportunities working with a team as a mid-level developer.

## Experience

### Ettrics

Full-Stack Developer

Ottawa, Canada (Remote)

July 2017 - January 2018\*

- Responsible for developing responsive, cross-platform user interfaces for client's webapps.
- Led development in small-scale client projects, such as [Smartcar](#) and [Olympic Channel](#).
- Built search indexing for [Mesosphere's](#) developer documentation utilizing Algolia.
- Built modular front-end components and multilingual features for [Doyle Salewski](#) using NodeJS and Prismic.
- Collaborated with development and design teams utilizing JIRA and Github workflows.

\* Ended on-going contract to pursue new opportunities.

### Web Developer & Consultant

2010 - Present

- Built e-commerce platform and customer blog using Wordpress and WooCommerce.
- Built AWS S3 integration and backup features for image galleries.
- Developed community forums for marketing professionals.
- Served as Creative/Tech Director for a concert production client, managing customer data and building their customer service portal, improving customer service efficiency and ticket processing time by 3x.
- Managing client servers on LAMP stack with nginx reverse proxy.

## Technical Skills

- **Front-End:** React/Redux, JavaScript (ES6), HTML, CSS/SASS, Wordpress
- **Server Side:** NodeJS, MongoDB, PHP, MySQL, AWS S3, LAMP/LEMP
- **Workflow:** JIRA, Git/Github, Docker, Webpack, TDD, Continuous Integration

## Education

### Thinkful

2016 - 2017

- Completed intensive, six month course on modern full-stack JavaScript development.
- Learned industry best practices and practical software development standards by collaborating several hours every week with a senior web developer.

### Glendale Community College

2013 - 2016

- Relevant coursework in Java, C++, Algorithms
